

Opioid Poisoning-Related Reporting Q & A Webinar

Governor Ducey's August 10th, 2017 [Executive Order](#) issuing an opioid Enhanced Surveillance Advisory is approaching its formal conclusion. Opioid poisoning-related reporting will continue beyond the Enhanced Surveillance Advisory time frame. The Arizona Department of Health Services has amended the rules in 9 A.A.C. 4 to include Article 6 – Opioid Poisoning-Related Reporting. This will maintain a surveillance system for opioid overdoses, similar to other non-communicable diseases.

Purpose: to address the questions and concerns required reporters may have regarding the emergency rules, data collection purpose, processes, and outcomes.

Please submit any reporting questions to azopioid@azdhs.gov prior to the webinar.
